MINIG FOR EVERYONE

CAP CÁMARA MINERA DEL PERÚ

THE CHAMBER OF MINES OF PERU AND THE NATIONAL UNIVERSITY OF ENGINEERING (UNI) SIGN INTERINSTITUTIONAL COOPERATION AGREEMENT

The Chief Executive Officer of The Chamber of Mines of Peru Ing. César Gallardo, together with the Rector of the National University of Engineering, Dr. Jorge Alva, accompanied by the former Ambassador of Peru in Italy, the former President of the Congress of the Republic and former President of the Advisory Council of the Chamber of Mines of Peru, Lic. Luis Iberico, and the President of the UNI's Board and the pioneer mining entrepreneur Ing. Guido del Castillo.

MISSION

To contribute to the development of mining activity in Peru and in the world by promoting a positive synergy between companies, society and the State.

VISION

To consolidate the exploration, extraction, recovery and commercialization activities that benefit all the stakeholders in a global integration context.

PRINCIPLES

- -Teamwork
- -Goal Achievement
- -Asset Protection
- -Innovation Culture

VALUES

- Loyalty
- Efficiency
- Perseverance

- Respect

- Creativity

- Commitment
- Responsibility
- Adaptability

CMP Introduction

In May 2016, Ing. César Gallardo Vela was honored by the President

of the Congress of the Republic of Peru with diploma and medal

of honor for his permanent and successful contribution in favor

of the development of a responsible mining with a sense of

Ing. César Gallardo Vela

President & CEO

Twenty years of professional experience in the mining and industrial sector in the world.

He served as Chief Executive Director of the Chamber of Mines of Peru from 2014 to 2016. In 2017, he also became President of our institution. He has 20 years of professional experience in the mining and industrial sector. He holds a professional degree in Fluid Mechanics Engineering granted by the National University of San Marcos, registration code in the National Council of the Peruvian Association of Professional Engineers CIP 134411.

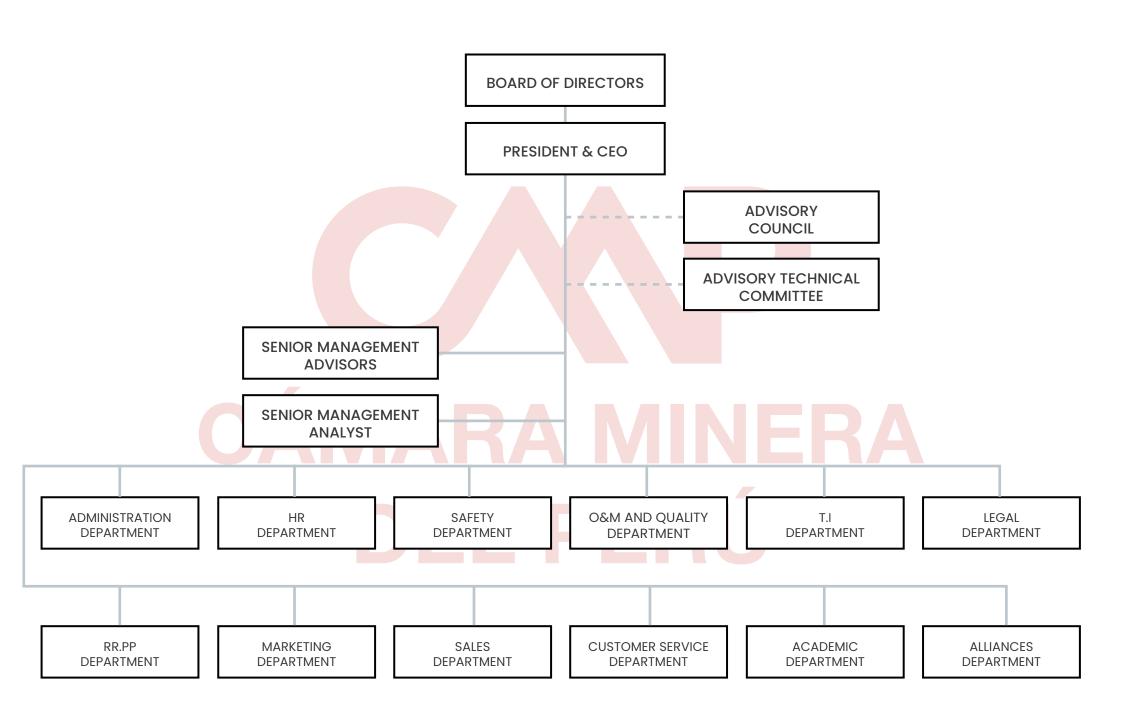

As President of the Chamber of Mines of Peru, he works on the integration of all the stakeholders related to the mining sector, thus contributing to the development of an extractive activity with social and environmental responsibility in a global integration context, promoting mining for everyone.

As for social responsibility, he has worked with his own resources to train students and teachers from Peruvian universities, training more than 5,000 students with access to scholarships and training programs abroad.

The Chamber of Mines of Peru is developing a pilot program to improve life conditions of people living in areas near the mining activity. The results of this program would allow the analysis of its performance for its subsequent application in other communities.

solidarity.

CÉSAR GALLARDO VELA

President & CEO

He has served as President & CEO of the Chamber of Mines of Peru since 2017. He has 20 years of professional experience in the mining and industrial sector in Latin America. He holds a professional degree in Fluid Mechanics Engineering conferred by the University of San Marcos.
